## MEA Mobile Launches iSupr8 for Apple's iPad2

*Vintage Video Love with Apple's iPad2 and the 5th Annual Cambridge Super 8 Film Festival*

NEW HAVEN, Conn.--(BUSINESS WIRE)--MEA Mobile today announced the iPad2 release of its market leading motion video filter app, [iSupr8™](#). “The flexibility of the iPad 2 further extends the practical capabilities of indie filmmaking creativity,” says Bruce Seymour, Managing Director of MEA Mobile.

The release coincides with the upcoming Cambridge International Super 8 Film Festival which will take place April 28th - May 1st. “We are honored for iSupr8 to be among the sponsors of the festival alongside the inventors of Super 8 film,” says Chris Mizzak of the [Cambridge Super 8 Group](#).

iSupr8 filters your Apple iPhone and now Apple iPad2 videos with a professional Super 8mm film treatment. “I have seen, literally, millions of feet of 8mm film in my life time,” says Phil Lilley of [Aarchive Film Productions](#) “iSupr8 have made digital emulation look so authentic, from the scratches, to the light effects...it's the closest thing I have seen that looks like film from a digital format.”

**“The flexibility of the iPad 2 further extends the practical capabilities of indie filmmaking creativity”**

Map based geo tagging provided by [Snapr](#) brings mobile social functions to iSupr8. iSupr8 is the world's first vintage video app to provide integrated geo-tagged video upload and sharing for iPad 2.
